Introduction

Mustaqbal University E-Portal provides most information about the university's colleges, departments, available programs, and study plans it offers. It also provides the dates of the academic calendar for semesters through the main page and announcements related to the university's academic system.

The E-Portal consists of several sections that allow university students to follow up on their academic status, financial record, registration, add/drop, and other academic services through a secure page for each student.

Faculty members can also benefit from available academic services such as recording lecture absences, entering grades, following up with their advisees, and completing tasks that can be done without needing to come to the university, through a secure page for each lecturer.

The Portal provides the possibility to submit a preliminary application for those wishing to study at the university and provides them with the necessary information to determine their preferences and choose the majors they wish to join

Admissions and Registration Department

Home Page - Its Sections

Access is through the portal link (<https://gate.uom.edu.sa/qpc/init>), which contains the following:

Academic options on the homepage:

It consists of: Displaying study plans for offered academic programs, faculty member information, and courses offered in the current semester.

Academic options on the homepage: Study Plans

Admissions

The portal allows for the electronic submission of admission applications through the "Application for Admission" option, and applicants can review the student admission requirements for all available majors.

Admissions and Registration Department

Application for Admissions

The applicant can fill out a new application for admission or modify a previous application for admission and some other services, such as password recovery and printing of the application for admission.

New application for admissions - Welcome message

When a student selects "New Application for Admission," a welcome message appears showing the admission periods. They then verify the entered civil registration number and select "Next."

Dear Student:

E-payment service supports payment via Mada, Viber, or Mastercard -

Please ensure sufficient funds are available on the card you wish to pay with before pressing the [Pay] button -

If the payment process is completed successfully, the Finance Department will be automatically notified of the transaction, and the amount due will be automatically adjusted. -

*There is no need to send the receipt to the Finance Department as it is automatically generated by the payment system.

You can keep the receipt if needed. -

If the payment process fails or a problem occurs during the E-Payment process, and the amount has already been deducted from your bank account, please contact the bank that is used for payment.

5940 Amount Due:

Portal Services – Student Page (Personal – Personal Information)

The screenshot displays the 'Academic System Portal' for 'Mustaqbal University'. The user is logged in as 'ARDULLAH HOFHAID H. ALHUTEN' with ID '991001341'. The page is titled 'Personal Information' and includes a 'Save Changes' button. The form contains fields for 'Name in English', 'Email', 'Mobile', and 'Alternate Email'. A 'Do you wish to receive results via mobile?' checkbox is checked. A 'Main Menu' sidebar on the right lists various services. Annotations include a blue arrow pointing to the 'Save Changes' button and another pointing to the 'Personal Information' link in the sidebar.
